1. Introduction to CLiK Trading Education

At CLiK Trading Education, we are dedicated to providing high-quality trading education to help you succeed in the financial markets. Whether you are a beginner or an experienced trader, our courses are designed to enhance your trading knowledge and skills.

2. Course Selection

Please ensure you have selected the correct course, either in Forex, Futures, or Options trading. If you are unsure or need to make changes, contact our support team at Support@CLiKTradingEducation.com immediately.

3. Pre-course Preparation

Before your course begins, there are some key steps to take:

a. Account Setup (If Applicable)

If you plan to practice trading during the course, ensure you have set up a trading account with a reputable broker. We recommend doing this well in advance to avoid any last-minute issues. Please note that we are in a practice environment in the class, so we recommend that you initially set up a demo account with the appropriate asset Broker as listed below.

We will be using the following platforms:

- FXCM® for the forex course ([FXCM Forex](#))
- TradeStation® for Futures course ([Tradestation Futures](#))
- TradeStation® for the Options course ([Tradestation Options](#))

b. Pre-reading

Some courses may have recommended reading materials or prerequisites. Check your course details for any such requirements and make sure to complete them.

c. Familiarise Yourself with Terminology

If you are new to trading, take some time to familiarise yourself with basic trading terminology. This will help you better understand the course content. [Trading Terminology](#)

d. Time Management

Plan your schedule to accommodate the course sessions. Ensure you have enough time to attend live sessions and complete assignments.

4. Course Materials and Resources

You will receive access to course materials and resources, which may include:

- Lecture slides
- Video tutorials
- Assignments and quizzes
- Recommended reading materials

Make sure to download and review these materials in advance to get the most out of your course.

5. Technical Requirements

To participate in our courses, you will need:

- A reliable internet connection
- A laptop or computer device you can bring to the class
- A webcam (for interactive sessions)
- Access to our learning platform (login credentials will be provided)
- Necessary software or trading platforms (if applicable)

Please test your equipment and internet connection to ensure they meet these requirements.

6. Support and Contact Information

If you have any questions or encounter any issues during the onboarding process or the course itself, don't hesitate to reach out to our support team at Support@CLiKTradingEducation.com. We are here to assist you.

7. Course Day Checklist

On the day your course begins, follow this checklist to ensure a smooth start:

Onsite class

- Please arrive promptly for your class
- Please ensure you switch off your mobile device and be ready to engage in an intense 5 day learning experience.
- Please ensure you do not have any recording devices with you as this is against our copyright policy.
- Have your course materials and any required documents ready.
- Prepare any questions you may have for the instructor.

Online class

- Log in to the course platform at least 15 minutes before the scheduled start time.
- Check your audio and video settings to ensure they are working correctly.
- Have your course materials and any required documents ready.
- Prepare any questions you may have for the instructor.

Summary

We look forward to guiding you on your trading education journey. Remember that success in trading requires dedication and continuous learning. If you ever need assistance or have questions, don't hesitate to reach out to our support team.

Welcome to CLiK Trading Education, and let's embark on this educational journey together!
